OZONE PROTECTION AND SYNTHETIC GREENHOUSE GAS MANAGEMENT ACT 1989

CONTROLLED SUBSTANCES LICENCE

FOR SYNTHETIC GREENHOUSE GASES (SGGs)

Licence No. SGGL41923789

THIS LICENCE IS IN FORCE DURING THE PERIOD

COMMENCING 1 January 2018 and ENDING ON 31 December 2019

I, Mr Patrick McInerney, A/g Assistant Secretary

Assessments and Air Branch, Department of the Environment and Energy, delegate of the Minister, grant under subsection 16(1) or renew under subsection 19AC(1) of the *Ozone Protection and Synthetic Greenhouse Gas Management Act 1989* (Cth) (the Act) a **Controlled Substances Licence for Synthetic Greenhouse Gases (SGGs)** to:

GREENCHEM INDUSTRIES PTY. LTD.
(the Licensee)

to:

**Import Synthetic Greenhouse Gases (SGGs): Perfluorocarbons (PFCs), Nitrogen Trifluoride (NF3) and Sulfur hexafluoride (SF6)
Import and Export Hydrofluorocarbons (HFCs) within quota allocation**

This Licence is granted subject to the following conditions:

1. The Licensee must notify the Department of the Environment and Energy of a change of address or any other contact details, within 30 days of the change occurring.
2. The Licensee must notify the Department of the Environment and Energy, within 30 days of the event occurring, if:
 - a. being an individual, the Licensee becomes bankrupt or enters into a scheme of arrangement with creditors, or is convicted of an offence that is punishable by 6 months imprisonment or more;
 - b. being a corporation, the Licensee comes under one of the forms of external administration referred to in chapter 5 of the *Corporations Act 2001*, or an order has been made for the purpose of placing the corporation under external administration, or is convicted of an offence that is punishable by a penalty of 30 penalty units or more.
3. The Licensee must not permit the Licence number to be used by another person or business.
4. For the duration of the Licence, the Licensee must hold membership, and act in accordance with the membership rules of Refrigerant Reclaim Australia or an appropriate approved Product Stewardship Scheme (if one exists).
5. The Licensee must not engage in a regulated HFC activity in a calendar year unless the Licensee holds an HFC Quota that is in force when the Licensee engages in the activity and the total quantity of HFCs involved in the activity is not more than that quota.
6. The Licensee must not import SGGs in non-refillable containers.

Delegate of the Minister

18 October 2017

NOTE:

1. Under subsection 18(4) of the Act, the Minister may, at the time of granting this Licence, or at any time afterwards, impose conditions on this Licence. Under subsection 18(8) of the Act, the Minister may, on his or her own initiative or on written application by the Licensee, vary or revoke a condition imposed under subsection 18(4) of the Act. Additional conditions on this Licence have no effect unless they are set out in this Licence or in a written notice given to the Licensee.
2. Section 19(2) of the *Ozone Protection and Synthetic Greenhouse Gas Management Act 1989* requires that a licence stays in force until the earlier of the end of the licence period in which the licence is in force, or if renewed, the the licence period immediately after the time the licence would have ended, unless the licence is cancelled, or stops being in force for any other reason, before then.
3. Section 46(1) of the *Ozone Protection and Synthetic Greenhouse Gas Management Act 1989* requires the Licensee to report before the 15th day after the end of each reporting period, if the licensee has imported, exported or manufactured during that period.
4. Section 69 of the Act requires the licensee to pay a licence levy, to be received by the 60th day following the end of each reporting period, if the licensee has imported or manufactured SGGs in that period and the total of the licence levies that would be payable in relation to the reporting period is greater than the amount (if any) prescribed in Regulation 916.
